

Here we are into another cycling season with many nice rides already in and many more to come. Of the completed rides I think the Sterling Ride should be considered the most enjoyable. Bob Seaberg should be congratulated on a near perfect route (no hills, no traffic & all smooth blacktop). The weather man should also receive thanks for a perfect day. Nine made the 56 mile ride. The Blessins and Mrs. Carstens rode part way. Everyone enjoyed a picnic at Sinnissippi Park, after which Roger DeLanghe led us on a tour of the Sterling Bikeway.

On the racing scene, we only have the Schwartzes and Bradleys competing so far this year, but I understand Terry Burke and Dick Thompson are now applying for their ABL licences.

To date the race results are as follows:

- Zion, Ill. May 30 - Debbie Bradley - Second Place Woman
- Old Town Criterium May 31 - Jeff Bradley - First - Midgets
- John Schwartz - 6th - Sr Clas C
